UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES
REHABILITATION SERVICES ADMINISTRATION

Dear Applicant:

The Secretary invites new grant applicants for Fiscal Year (FY) 2001 under the Centers for Independent Living (centers) program, authorized by Part C, Chapter 1 of Title VII (Part C) of the Rehabilitation Act of 1973, as amended (Act). We are sending you an application package containing information necessary to apply for a FY 2001 grant.

The Secretary is authorized to make grants to eligible entities for planning, conducting, administering, and evaluating centers. Eligible entities are consumer controlled, community-based, cross-disability, nonresidential private nonprofit agencies, in or bordering on States in which the entities plan to establish centers. An entity presently operating a center supported by Part C may apply in this competition to establish another center in a different geographical area. This new center must meet all of the criteria of a center with the exception that it may share a governing board with the original center.

An application must contain information that: (1) satisfactorily demonstrates to the Rehabilitation Services Administration (RSA) that the applicant entity meets the standards described in Section 725(b) of the Act; (2) contains the assurances described in Section 725(c) of the Act; and (3) is consistent with the State plan for independent living in the State in which it plans to provide independent living services.

Part C funds were assigned to States and outlying areas based on a formula in Section 721(c) of the Act. Priorities for funding Part C centers were established by Section 722(e) of the Act.

The first priority for the funds was to support existing Part C centers at the prior year's level. If funds were available, these centers were assigned a cost-of-living increase. In every State or outlying area with funds remaining after supporting the first two priorities, RSA contacted the Statewide Independent Living Council (SILC) and the Designated State Unit (DSU) to obtain the SILC's and the DST's choice, consistent with the State's plan, for the use of remaining funds. The States had the option to either compete the remaining funds or distribute the remaining funds among the existing Part C centers. States (DSU and SILC) choosing to compete the remaining funds provided the priority area(s) for the establishment of new centers.

The following States requested a competition with the amount of remaining funds listed after each State or outlying area:

AMERICAN SAMOA - \$154,046

CALIFORNIA - \$719,404

Issue requests for proposals for competitive awards for the eighteen (18) general catchment areas not already funded under Title VII C of the Rehabilitation Act.

TEXAS - \$400,000

Decision was reached at the SILC meeting and Statewide IL Convention on January 30- February 1, 2001. During this time, public hearings were held and members of the public provided input as to how Independent Living should be expanded throughout the State.

As a result, the SILC made the following unanimous decisions:

*Amend the current State Plan for Independent Living list of counties which should receive priority consideration for a new grant. The SILC wants to narrow the list to include the following counties: Bell, McLennan, Nueces, Webb, Galveston, Smith, and Hopkins. These counties meet the following criteria of currently being underserved by a center for Independent Living, poverty rate above the state average, median family below the state average, have a large metropolitan center.

*Recommend to RSA that two grants be awarded with the priority given to those counties as described in the above statement.

From letters submitted by Texas State Independent Living Council, Texas Rehabilitation Commission, and Texas Commission for the Blind.

A summary of the responses received and pertinent information from the State's approved State Plan for Independent Living regarding the priority areas for new centers are included in Section I of this application package. RSA will fund applications consistent with the State Plan for Independent Living priorities in Section I.

SECTION B

GENERAL INFORMATION ON COMPLETING AN APPLICATION

GENERAL INFORMATION ON COMPLETING AN APPLICATION

Potential applicants frequently direct questions to officials of the Rehabilitation Services Administration (RSA) regarding application notices and programmatic and administrative regulations governing various direct grant programs. To assist potential applicants, RSA has assembled the following most commonly raised questions.

- CAN WE GET AN EXTENSION OF THE DEADLINE?

No. A closing date may be changed only under extraordinary circumstances. Any change must be announced in the FEDERAL REGISTER and apply to all applicants. Waivers for individual applications **cannot** be granted, regardless of the circumstances.

- HOW MANY COPIES OF THE APPLICATION SHOULD I SUBMIT?

An original and six copies are requested (7 copies to the Application Control Center). Current government-wide policy is that only an original and three copies need to be submitted. The Rehabilitation Services Administration would appreciate your including four additional copies of your application to facilitate the peer review process (seven copies in all).

- SHOULD THE APPLICATIONS BE BOUND?

Leave at least one copy of your application unbound to facilitate any necessary reproduction; use a binder clip or sturdy rubber bands to hold the application together. Applicants should not use foldouts, photographs, or other materials that are hard to duplicate.

- WILL YOU HELP US PREPARE OUR APPLICATION?

We are happy to provide general program information. Clearly, it would not be appropriate for staff to participate in the actual writing of an application, but we can respond to specific questions about application requirements, evaluation criteria, and the priorities. Applicants should understand that this previous contact is not required nor does it guarantee the success of an application.

- WHEN WILL I FIND OUT IF I'M GOING TO BE FUNDED?

You can expect to receive notification within 3 to 6 months from the application closing date, depending on the number of applications received and the number of competitions with closing dates at about the same time.

- ONCE MY APPLICATION HAS BEEN REVIEWED BY THE REVIEW PANEL, CAN YOU TELL ME THE OUTCOME?

No. Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a State or local rehabilitation program, etc. Regardless of the reason, because final funding decisions have not been made at that point, we cannot share information about the review with anyone.

- HOW LONG SHOULD AN APPLICATION BE?

The Department of Education is making a concerted effort to reduce the volume of paperwork associated with program applications. Consequently, the Secretary strongly requests that applications be limited to:

- (1) Application forms, budget, and other required forms;
- (2) A narrative body not to exceed 35 double-spaced pages in 12-point font; and
- (3) Necessary appendices.

Your application should provide enough information to allow the review panel to evaluate the significance of the project against the criteria of the competition. It is helpful to include in the appendices such information as:

- (1) Staff qualifications. These should be brief. They should include the person's title and role in the proposed project and contain only information relevant to the proposed project. Qualification of consultants and advisory council members should be provided and be similarly brief. Individual vita should not exceed 2 pages.
- (2) Summary of results of previous evaluations of program effectiveness.

Applicants must understand that applications may be rejected for including superfluous information as well as for not providing required information.

- **HOW CAN I BE SURE THAT MY APPLICATION IS ASSIGNED TO THE CORRECT COMPETITION?**

Applicants should clearly indicate in Block 10 of the face page of their application (Standard Form 424) the CFDA number and alpha suffix (e.g., 84.132A) and the title of the program priority of the competition in which the application should be considered. If this information is not provided, your application may inadvertently be assigned and reviewed under a different competition from the one you intended.

Also, ensure that section 12 of Standard Form 424 clearly shows the State and geographic area in which the center plans to serve. If a center is planning to serve a contiguous area in two States, a separate application must be submitted for each State.

- **WILL MY APPLICATION BE RETURNED IF I AM NOT FUNDED?**

We no longer return original copies of unsuccessful applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be mailed to applicants who are not successful.

- **HOW SHOULD MY APPLICATION BE ORGANIZED?**

The application narrative should be organized to follow the exact sequence of the components in the instructions addressing the program narrative. A table of contents and a one-page abstract summarizing the project should precede the application narrative.

- **IS TRAVEL ALLOWED UNDER THESE PROJECTS?**

Travel is an allowable cost. However, all requests for travel will be reviewed diligently; the highest priority for travel will be given for travel directly related to the training or services being provided. As a general rule, travel is seldom approved for attending conferences, except for RSA sponsored conferences that project directors are requested to attend. Training for staff and governing board members will usually be approved for travel to training conducted by the RSA Training and Technical Assistance grantee and to the annual training conference sponsored by the National Council on Independent Living.

- **MAY AN APPLICANT OBTAIN COPIES OF SUCCESSFUL, FUNDED APPLICATIONS?**

Yes. An applicant may request copies of successful, funded applications. However, budget information, vitae, and other personal information will not be included.

- **IS THERE A REQUIRED MATCHING OF FUNDS BY THE APPLICANT?**

There is no required match in the Part C program; however, a plan for development of resources from other than Title VII of the Act is required as part of a center's workplan.

- IF MY APPLICATION RECEIVES A HIGH SCORE FROM THE REVIEWERS, DOES THAT MEAN THAT I WILL RECEIVE FUNDING?

No. It is often the case that the number of applications scored highly by the reviewers exceeds the dollars available for funding projects under a particular competition. The order of selection, which is based on the scores of the applications and other relevant factors, determines the applications that can be funded.

- WHAT HAPPENS DURING NEGOTIATIONS?

During negotiations technical and budget issues may be raised. These are issues that have been identified during panel and staff review and require clarification. Sometimes issues are stated as “conditions”. These are issues that have been identified as so critical that the award cannot be made unless conditions are met. Questions may also be raised about the proposed budget. Generally, these issues are raised because there is inadequate justification or explanation of a particular budget item, or because the budget item seems unimportant to the successful completion of the project. If you are asked to make changes that you feel could seriously affect the project’s success, you may provide reasons for not making the changes or provide alternative suggestions. Similarly, if proposed budget reductions will, in your opinion, seriously affect the project activities, you may explain why and provide additional justification for the proposed expenses. An award cannot be made until all negotiation issues have been resolved. For this competition, RSA will negotiate 5-year budgets with the successful applicants.

- IF MY APPLICATION IS SUCCESSFUL CAN I ASSUME I WILL GET THE PROJECTED BUDGET AMOUNTS IN SUBSEQUENT YEARS?

Depending on the availability of funding, a successful applicant can expect at least the amount contained in the approved budget for each year of the project. By requesting detailed budget information in the initial application for the total project period, the need for formal non-competing continuation applications in the remaining project years will be eliminated. An Annual Performance Report that will be required annually will be used to assess compliance with program standards and to determine eligibility for continued funding.

- HOW DO I PROVIDE AN ASSURANCE?

Simply state in writing that you are meeting, and intend to continue to meet, a prescribed requirement.

- WHERE CAN I OBTAIN COPIES OF THE FEDERAL REGISTER, PROGRAM REGULATIONS, AND FEDERAL STATUTES?

Copies of these materials can usually be found at your local library. If not, they can be obtained from the Government Printing Office (GPO) by writing to: Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402-9371.

Telephone: (202) 783-3238. Internet users can gain free access to the GPO databases with a World Wide Web browser through the Superintendent of Documents’ home page at:

Protection of Human Subjects in Research
(Attachment to ED 424)

Protection of Human Subjects in Research (Attachment to ED 424)

I. Instructions to Applicants about the Narrative Information that Must be Provided if Research Activities Involving Human Subjects are Planned.

If you marked item 11 on the application “Yes” and designated exemptions in 11a, **(all research activities are exempt)**, provide sufficient information in the application to allow a determination that the designated exemptions are appropriate. Research involving human subjects that is exempt from the regulations is discussed under **II.B. “Exemptions,”** below. The Narrative must be succinct. **Provide this information in an “Item 11/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.**

If you marked “Yes” to item 11 on the face page, and designated no exemptions from the regulations **(some or all of the research activities are nonexempt)**, address the following six points for each nonexempt activity. In addition, if research involving human subjects will take place at collaborating site(s) or other performance site(s), provide this information before discussing the six points. Although no specific page limitation applies to this section of the application, be succinct. Provide the six-point narrative and discussion of other performance sites in an **“Item 11/Protection of Human Subjects Attachment”** and insert this attachment immediately following the ED 424 face page.

(1) Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness.

Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for

ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

II. Information on Research Activities Involving Human Subjects

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Is it a research activity?

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge, such as an exploratory study or the collection of data to test a hypothesis, it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Is it a human subject?

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, this exemption applies only to research involving educational tests or observations of public behavior when the investigator(s) do not participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S Department of Agriculture.

pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff (GPOS) Office of the Chief Financial and Chief Information Officer, U.S. Department of Education, Washington, D.C., telephone: (202) 708-8263, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site at <http://ocfo.ed.gov/humansub.htm>.

Section G - Part III

Program Narrative

A narrative that addresses the selection criteria that will be used by reviewers in evaluating individual proposals is required. Applications are more likely to receive favorable reviews by panels when they are organized according to the format suggested below. If you prefer to use a different format, you may wish to cross-reference the section of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

A table of contents with page numbers for each section of the application, including appendices, should be included with your narrative. To assist the peer reviewers, number the entire application consecutively, i.e., do not restart numbering with each section.

Include an abstract with your application. This abstract should be an overview statement (not more than a one page abstract) that summarizes the mission, goals and objectives, the target population and service area, the impact, and the expected outcomes or benefits of the project. Please make this a separate page so it may be pulled from the application to include with funding recommendation documents.

Prepare a Program Narrative in accordance with the following instructions. Before preparing the Program Narrative, applicants should carefully review the program regulations contained in 34 CFR 366, paying special attention to the selection criteria listed in 34 CFR 366.27. The Program Narrative must respond to the emphasis in the selection criteria identified in the program regulations; however, applicants should address the criteria in the same order as they appear in this section.

In addition, applicants should read the applicable parts of the Education Department General Administrative Regulations (EDGAR), 34 CFR. These regulations set forth all general rules affecting application submittal, review, grant award, and post-award administration for Department of Education grant programs.

Note: Applicants should refer back to the “Dear Applicant” letter. It cites the appropriate sections of the program regulations and the applicable parts of EDGAR.

Since applications may need to be duplicated for distribution to reviewers, printed material should be legible, appear only on one side of each page, and be single-spaced (double space program narrative). To ensure that printed material is legible, the use of a high quality printer, with a 10 pitch or larger typeface, in the preparation of your application is strongly urged. Use standard 8 x 11-inch paper, white in color¹, and free from tabs. Also, use spring clips or rubber bands to hold the application together. Do not use binders, folders, and staples as they must be removed before duplicating applications.

Please limit the Program Narrative to 35 pages, double-spaced in 12-point font, and number pages consecutively. The narrative should be written concisely. Only the required information should be submitted. If appendices or other supplemental materials are included, they must be kept to a minimum and must substantiate what is proposed in the narrative, e.g., the results of a needs survey or letters of commitment from organizations that will have significant involvement with the project. All vitae should be limited to one page in length showing the source and date of earned degrees, experience relevant to working the individuals who are disabled and the person’s direct relationship to the project, e.g., how the person will function in the project.

To facilitate application review, it may be helpful to the success of your application if the Program Narrative responds to the selection criteria in the following order²:

(A) Extent of the need for the project (20 points)

(1) The Secretary reviews each application for persuasive evidence that shows the extent to which the project meets the specific needs for the program, including considerations of –

(I) The needs addressed by the project;

(II) How the applicant identified those needs (e.g., whether from census data or other current sources);

(III) How those needs will be met by the project; and

(IV) The benefits to be gained by meeting those needs.

¹ If colored sheets are mixed in among white sheets, the application cannot be put into recycling.

² **NOTE THAT THE ORDER IN WHICH CRITERIA SHOULD BE ADDRESSED IN THE PROGRAM NARRATIVE IS NOT THE SAME ORDER THAT THEY APPEAR IN THE REGULATIONS.**

(2) The Secretary looks for information that shows that the need for the center has been established based on an assessment of the ability of existing programs and facilities to meet the need for IL services of individuals with significant disabilities in the geographic area to be served.

(3) The Secretary looks for information that shows –

(I) That the applicant proposes to establish a new center to serve a priority service area that is identified in the current State plan; and

(II) The priority that the State has placed on establishing a new center in this proposed service area.

Note: It is important for the applicant to note that this criterion is in two parts: (1) the needs addressed by the project, how the applicant identified the needs, how the needs will be met by the center, and the benefits to be gained; and (2) if the applicant is planning to serve an area identified in the State IL plan as a priority area, the applicant should provide information showing that the service area comes within a SPIL priority and what priority the State has placed on the particular area to be served. If a statement from the State is included in Section J of this application package, the applicant may wish to note that fact in the application.

(B) Involvement of individuals with significant disabilities (5 points)

(1) The Secretary reviews each application for information that shows that individuals with significant disabilities are appropriately involved in the development of the application.

(2) The Secretary looks for information that shows that individuals with significant disabilities or their parents, guardians, or other legally authorized advocates or representatives, as appropriate, will be substantially involved in planning, policy direction, and management of the center, and, to the greatest extent possible, that individuals with significant disabilities will be employed by the center.

Note: This criterion should address how individuals with disabilities were involved in the development of the concept of a center in the area to be served; how their input was obtained and considered in identifying the unmet needs and the scope of services necessary to meet the needs, development of the plan of operation, identification and selection of key personnel or the plan to obtain personnel to govern and operate a center; how potential consumers of services from the proposed center will be involved in development of management policies, the scope and provision of services; and how such individuals were involved in the development of the grant application.

(C) Plan of operation (20 points)

The Secretary reviews each application for information that shows the quality of the plan of operation for the project, including –

(1) The quality of the design of the project;

(2) The extent to which the plan of management ensures proper and efficient administration of the project;

(3) How well the objectives of the project relate to the purpose of the program;

(4) The quality and adequacy of the applicant's plan to use its resources (including funding, facilities, equipment, and supplies) and personnel to achieve each objective;

(5) How the applicant will ensure that project participants who are otherwise eligible to participate are selected without regard to race, color, national origin, gender, age, or disability; and

(6) A clear description of how the applicant will provide equal access to services for eligible project participants who are members of groups that have been traditionally under-represented, including –

(I) Members of racial or ethnic minority groups;

(II) Women;

(III) Elderly individuals; and

(IV) Children and youth.

Note: When addressing this criterion, please consider the note following paragraph (d) of this section.

(D) Meeting the standards and the assurances (25 points)

The Secretary reviews each application for information that shows –

- (1) Evidence of demonstrated success in satisfying, or a clearly defined plan to satisfy, the standards in section 725(b) of the Act and the indicators in 34 CFR 366, Subpart G (366.60 – 366.63).
- (2) Convincing evidence of demonstrated success in satisfying, or a clearly defined plan to satisfy, the assurances in section 725(c) of the Act and 34 CFR Part 366.50.

Note: In addressing the plan of operation and meeting the standards and assurances criteria, the applicant should develop a three-year workplan meeting the requirements of section 725(c)(4) of the Act. **Only the first year of the plan needs to be submitted with this application.** In developing the workplan, it may be helpful for the applicant to review the standards and assurances in 34 CFR Subparts F and G (see Section E). The workplan should be specific and measurable so that, at the end of each project year, the center can compare its achievements against its projected goals. *For example:*

- (i) Goals and activities. Include long term goals and specific activities planned to meet the requirements of each of the standards in section 725 of the Act, and the indicators in 34 CFR Part 366, Subpart G.
- (ii) Advocacy. Include details of how the center plans to achieve its social change goals, including, but not limited to:
 - (a) A community advocacy plan and related activities;
 - (b) A technical assistance plan and related activities;
 - (c) A plan for collaboration with other agencies and groups to further communication, coordination, and cooperation along with related activities; and
 - (d) Affirmative action plans.
- (iii) Resource development. Include the center's goals and activities for obtaining and increasing funding (including in-kind) from sources other than Title VII of the Act.
- (iv) Outreach. Describe the center's plan for outreach to consumers who are members of populations of individuals with significant disabilities, including minorities, who are unserved or underserved.
- (v) Community and individual IL service needs. Identify the community and individual IL services the center anticipates providing, and how services will be coordinated with other service providers to avoid duplication. Ensure that the intended services are consistent with the approved State plan in the State in which the center plans to provide services.
- (vi) Response to needs. Include in the work plan, if appropriate, how the center plans to respond to particular needs identified from needs assessments or surveys or potential consumers in the intended service area.
- (vii) Training. Include plans for training governing board, employees, volunteers, and consumers, e.g., staff development, IL philosophy, ADA, self-advocacy and personal power.

(E) Budget and cost effectiveness (10 points)

The Secretary reviews each application for information that shows the extent to which –

- (1) The budget is adequate to support the project; and

(2) Costs are reasonable in relation to the objectives of the project.

Note: In addressing this criterion and in developing the budget for the center, consideration should be given to the relationship between the budget and the plan of operation, e.g., is the budget adequate or inadequate in view of what the applicant proposes to do. **The budget submittal covers the full five years of the projects. See Part III – Budget Information.**

(F) Quality of key personnel (10 points)

(1) The Secretary reviews each application for information that shows the qualifications of the key personnel the applicant plans to use on the project, including –

(I) The qualifications of the project director, if one is to be used;

(II) The qualifications of each of the other management and decision-making personnel to be used in the project;

(III) The time that each person referred to in paragraphs (F)(1)(I) and (II) of this section will commit to the project;

(IV) How the applicant, as part of its nondiscriminatory employment practices, will ensure that its personnel are selected for employment without regard to race, color, national origin, gender, age, or disability; and

(V) The extent to which the applicant, as part of its nondiscriminatory employment practices, encourages applications for employment from persons who are members of groups that have been traditionally under-represented, including –

(A) Members of racial or the ethnic minority groups;

(B) Women

(C) Persons with disabilities; and

(D) Elderly individuals.

(2) To determine personnel qualifications under paragraphs (d) (1) (I) and (ii) of this section, the Secretary considers –

(I) Experience and training in fields related to the objectives of the project; and

(II) Any other qualifications that pertain to the objectives of the project.

Note: This section should identify the person (**or a recruitment plan for the person if individuals are not named**) being proposed for each position presented in the management plan and the time commitment allocated to the position. Each person's qualifications should be presented in a manner that shows a clear relationship to the selection criteria for that designated position. This section should also describe procedures for encouraging applicants for employment from persons who are members of groups that have been traditionally underrepresented such as members of racial or ethnic minority groups, women, persons with disabilities, and the elderly. Finally, a full disclosure of all time commitments should be included for each person listed in the application. The application should include information to show how the center will meet the requirements that over 50% of the decision makers and over 50% of the staff of the center must be individuals with disabilities; and over 50% of the governing board must be individuals with significant disabilities.

(G) Evaluation plan (5 points)

The Secretary reviews each application for information that shows the quality of the evaluation plan for the project, including the extent to which the applicant's methods of evaluation –

(1) Are appropriate for the project;

(2) Will determine how successful the project is in meeting its goals and objectives; and

(3) Are objective and produce data that are quantifiable.

(Cross-reference: See 34 CFR 75.590)

Note: The section of the application should describe procedures to assure that the project's activities are being implemented appropriately and the project objectives are being met. The evaluation plan should include the self-evaluation required by section 725(c)(8) of the Act and 34 CFR 366, Subpart G (See footnote 3).

(H) Past performance (5 points)

The Secretary reviews each application for information that shows the past performance of the applicant in successfully providing services comparable to the IL core services and other IL services listed in section 7(29) and (30) of the Act and 34 CFR 364.4(b) and other services that empower individuals with significant disabilities.

Note: The IL core services are information and referral, IL skills training, peer counseling, including cross-disability peer counseling, and individual and systems advocacy.

COMMON QUESTIONS AND ANSWERS

COMMON QUESTIONS AND ANSWERS

[Below are some examples of Q's & A's that programs may include in their application booklets. Programs may want to add others. Generally speaking, Q's & A's should not repeat information that is given elsewhere in the application. However, there may be exceptions to this "rule of thumb." Q's & A's should not be subregulatory and should not take the place of instructions.]

Q. What happens to my application after it is received in the Department?

A. The Department's Application Control Center receives each application, assigns each an identifying number (PR/Award number), confirms receipt of applications, and sends the applications to the appropriate program office, which screens them for eligibility. The program conducts a peer review of all

eligible applications sent to a program competition, ranks them and recommends the highest ranked applications for funding with exceptions as provided by law. The responsible official for the applicable program reviews the program office's recommendations, checks the adequacy of the documentation supporting the recommendations, and approves a final list, or slate, of recommended projects and funding amounts. The final slate is forwarded to Grant and Contract Services, Grants Division, which negotiates the recommendations with the successful applicants and awards the grants.

Q. What happens to my application if the Department finds it to be ineligible?

A. The Department immediately returns an application that does not meet the eligibility criteria for the particular program. A letter from the Department explaining why it is not being reviewed in the competition accompanies the application.

Q. How does the Department review an application?

A. Each application is assessed by knowledgeable persons from outside and sometimes inside the Department who are asked for their judgments about the quality and significance of the proposed project. These persons represent a diversity of disciplines and institutional, regional, and cultural backgrounds. The advice of these experts is compiled by Departmental staff who comment on matters of fact or on significant issues that would otherwise be missing from the review. The results are then presented to the responsible official responsible for the program who approves the recommendations for funding.

Q. What Criteria do the reviewers use when scoring an application?

A. Reviewers score each application using the selection criteria published in the Federal Register as part of the program regulations, which are given [specify where they can be found in the application package]. Reviewers are instructed to use only the published criteria.

Q. Is a recommended application guaranteed funding?

A. No. Funding is not final until negotiations have been successfully concluded and a grant award notification has been signed by the grants office and mailed to the applicant.

Q. How long does it take the Department to complete the review process?

A. (Describe normal experience with the particular program. Most review processes take from six to eight months.)

Q. How do the invitational, competitive and absolute priorities differ?

A. **Invitational Priority**

The Secretary may simply invite applicants to meet a priority. However, an application that addresses invitational priorities receives no competitive or absolute preference over applications that do not meet this priority.

Competitive Priority

If a program uses weighted selection criteria, the Secretary may award selection points to an application that meets the priority. These points are in addition to any points the application earns under the selection criteria. The notice states the maximum number of additional points that the Secretary may award to applications that meet the priority in a particularly effective way. Or the Secretary may simply select applications that meet the competitive priority over applications of comparable merit that do not meet the priority.

Absolute Priority

Under an absolute priority, the Secretary may select for funding only those applications that meet the priority.

Q. Can changes in the size of subsequent year awards be made after the multi-year budget has been negotiated?

A. Yes, a grantee can renegotiate his or her multi-year budget and may be awarded additional funds if sufficient justification is presented to the Secretary and funds are available. Also, funds can be decreased if it is determined that the multi-year budget was overestimated.

Q. How will funding continuation decisions be made if the Department is phasing out the use of non-competing continuation applications after fiscal year 1995?

A. Grantees will be required to complete annual performance reports that describe the projects' accomplishments, evaluations, and finances. These performance reports, along with other information, will be used by the Department to decide whether to continue funding projects.

**NOTICE TO ALL APPLICANTS:
The Government Performance and Results Act (GPRA)**

WHAT IS GPRA

The Government Performance and Results Act of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In doing so, it is expected that GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of Federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the United States Department of Education Responded to the GPRA Requirements?

As required by GPRA, the United States Department of Education (the Department) has prepared a strategic plan for 1998-2002. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the United States. The Department's goals, as listed in the plan, are:

- Goal 1:* Help all students reach challenging academic standards so that they are prepared for responsible citizenship, further learning, and productive employment.
- Goal 2:* Build a solid foundation for learning for all children.
- Goal 3:* Ensure access to postsecondary education and lifelong learning.
- Goal 4:* Make the United States Department of Education a high performance organization by focusing on results, service quality, and customer satisfaction.

STATE SINGLE POINTS OF CONTACT (SPOCs)

It is estimated that in 2001, the Federal Government will outlay \$305.6 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is a copy of the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided from the official version of this document from the OMB web page at the following address: <http://www.whitehouse.gov/omb/grants/spoc.html>. States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within one of these States, you may still send application material directly to a Federal awarding agency.

DUNS NUMBER INSTRUCTIONS

DUNS NUMBER INSTRUCTIONS

D-U-N-S No.: Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

<http://www.dnb.com/dbis/aboutdb/intlduns.htm>

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide.
